DETAILED ACTION

Response to Amendment

1. Receipt of applicant's amendment filed 9/14/2006 is acknowledged.

Reissue Applications - Oath/Declaration

2. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because it fails to identify each inventor by, and country of citizenship as required by 35 U.S.C. 115 and 37 CFR 1.63(a)(3).

It is unclear whether the citizenship of the non-signing inventor is known since the declaration signed by the assignee lists it as unknown (see declaration filed 5/14/2003) but the original unsigned declaration lists it as Taiwan, ROC.

Claim Rejections - 35 USC § 251

3. Claims 1-6 are rejected under 35 U.S.C. 251 as lacking a reissuable error.

Claims 1-6 currently pending in this reissue application are identical to claims 1-6 of the original patent No. 5,971,751. The original claims cannot be issued in the reissue application since the original claims do not correct any error in the original patent and there is no other appropriate reissue error identified in the oath/declaration not directed to the claims. The Office will not grant a reissue patent which does not correct any error in the original patent.

Art Unit: 3749

4. Claims 1-6 are also rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect in the declaration is set forth in the discussion above in this Office action.

Reminder to Apprise USPTO of Concurrent Proceedings

5. Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent No. 5,971,751 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

Art Unit: 3749

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
